

# This Is Your Regiment of Marching Dollars

## Save Till It Hurts—Why?

**Because**—the United States is at war.

**Because**—the only safe road to Peace is Victory.

**Because**—soldiers and sailors cannot win unless the entire American people—every man, woman and child refrains from everything not absolutely necessary to health and efficiency, and thus releases labor for the production of materials of war and the support of our army and navy.

**Because**—every pair of shoes, every suit of clothes, every hat, every suit of underwear, etc., not necessary, used by us at home, means one less pair of shoes, one less uniform, one less overcoat, one less muffler for our boys who are fighting to make our homes safe.

**Because**—U. S. Bonds, War Savings Stamps and U. S. Thrift Stamps must be purchased by the people from money saved from their incomes—every dollar spent for an unnecessary thing is a force for evil. When that dollar buys labor and materials for equipping our army and navy it has a double force—first it ceases to aid the enemy and second it is fighting for us in behalf of mankind. Be sure that your pennies, nickels, dimes, quarters and dollars are enlisted in the cause of your country. An idle dollar is a SLACKER dollar, but a dollar wasted in war time is a TRAITOR dollar.

**Because**—you should not let another day go by until you have actually given up some real thing—for your country—"until it hurts."

### The United States Government Offers You the Opportunity to Save and Serve

You can buy a United States Thrift Stamp for 25 cents. A card is furnished on which to paste it. Sixteen of these, plus a few cents cash will buy a War Savings Stamp. On January 1, 1923, the United States Government will pay you \$5.00 for each stamp pasted on a War Savings Certificate—this is 4% compounded quarterly when the stamps are held till January 1, 1923. A simple and secure investment—yielding a good income on your money. When you do this, you become an actively loyal American citizen—one who is saving lives by saving money.

N. B. NEILSON  
President

### OUTPUT NOW BACK TO NORMAL, IT IS SAID

(Continued from page six.)

say, by centralization. The plan, too, if executed, they say, would go far towards relieving terminal congestion and lightening the loads carried by rail and barge lines.

#### AROUND THE COAL CAMPS: PERSONAL AND OTHERWISE

Watts now hopes to have the railroad to that camp finished and shipments of coal going out within a couple of three weeks.

Utah Fuel company has had four or five sales agents on the road for a month or more soliciting orders for coal. Quite several others.

Superintendent Campbell was down from the Millburn property Monday last. He still has a big force employed on building the wagon road to Kentworth from that mine. There is not much work before its completion.

W. J. Elwood was in Price Sunday from Kentworth. His property is working but three days a week. The miners there are averaging, however, from ten to twelve dollars a day. Some of them are making more.

Emil Ostlund was down Tuesday from Utah Mine to attend a meeting of the board of county commissioners of which he is a member. That property is about the only one in the county working full time now. He has it under lease with an output of around four hundred tons a day.

Decrease of 510,000 tons as compared with the preceding week marked the total bituminous output during the week ended February 25d. While this decline in gross output amounted to 4.5 per cent, it is difficult to interpret the rate of production per working day because of the unequal observance of Friday, February 22d, as a holiday.

Eastern advisers announce that the United States Smelting, Refining and Mining company, which heretofore has been a holding company, now, absorbed on December 31st several of its operating subsidiaries. The subsidiaries taken over and merged with the parent company were the United States Smelting company, the Needles Mining and Smelting company, the Mammoth Copper Mining company,

the Gold Road Mines company, the Centennial-Eureka Mining company and the Utah company. The corporation also owns the United States Fuel company and the Utah railway.

Output of byproduct coke the country over during the week of February 22d showed a marked improvement over the preceding week. The ratio of tonnage produced to maximum capacity rose from 73.5 per cent during the week of February 14th to 77.0 per cent. The improvement was effected by a reduction in losses due to coal shortage. Losses attributed to that cause decreased from 21.9 to 16.9 per cent.

A. E. Gibson, general superintendent of Spring Canyon Coal company, was in Price Wednesday. He says the mines at that camp are lucky to be getting in three days a week. About the first of April it is expected outputs at all properties of the county will be materially increased because of the fact that storing of coal by big consumers will soon after that date start. All the sugar companies of Utah and Idaho have agreed to store enough for consumption for the coming year.

#### SUBSTANTIAL GAINS ARE SHOWN IN MINE REPORTS

Reports from two Carbon coal mines to the state board of equalization indicate substantial gains in net proceeds. Spring Canyon Coal company, owned by the Knight interests, reports net proceeds of \$127,328.18 on 248,272 tons of coal mined. This is against net proceeds reported last year of \$68,876.75 on 228,525 tons of coal mined. The increase in net proceeds, therefore, was at a much more rapid rate than the increase in tonnage in the mine. The state board of equalization last year, however, increased the reported net proceeds to \$75,148. It has not yet taken action with regard to this year's report.

The Carbon Fuel company, of which L. F. Hains is president, reports net proceeds of \$26,978.28 on a production of 158,644 tons. Last year its tonnage was given as only 40,980, but its net proceeds were admitted as \$22,642.14 and this figure was raised by the state board of equalization to \$28,918. Gross revenue to the Carbon Fuel company for the year just ended is given as \$383,130.98; to the Spring Canyon it was \$434,177.35, the one company averaging around \$2.20 and the other \$2.40 a ton for their respective product.

There's a lot of satisfaction in being up-to-date as to things general, and the shortest route and least troublesome is to keep an ear open for the late records. You get everything on the Columbian list—and you get it first.—Adv.

### PURELY PERSONAL

—Robert Howard, state coal mine inspector, went to Runnyside today on one of his usual trips.

—Frank L. Buckle and L. A. Hills were doing business at Salt Lake City last Friday and Saturday.

—R. R. Kirkpatrick was in the city yesterday from Runnyside, having business in district court.

—R. C. Miles got back the first of the week from a business trip of several days to the state capital.

—Attorney Russell G. Schuider at Salt Lake City was registered at the Tavern Wednesday and Thursday.

—Mr. and Mrs. Orson P. Madsen of Castle Dale were Tuesday visitors in Price, guests at the day while here.

—Mrs. Ledia Avery of Wellington was in the city this week, going to Hialetha to visit with a daughter there for a time.

—Mrs. Leo Leonard and children have returned to Price from Ashton, Ida., where they have been making their home for some time.

—Mrs. Silas S. Young has returned to her home at Price after a short visit to her daughter, Mrs. Ed Beaumont, at Green River.

—Mrs. Joe Henry was in the city the first of the week from Panguitch, on her way to Hialetha to visit her daughter, Mrs. Lloyd E. Woods.

—John V. Smith is in the city today from Zion. He is trying to get several tenants for lands he controls for this year under the canal over south.

—Mrs. M. P. Bratter returned to her home at Salt Lake City last Saturday after a ten days visit in Price with her sister, Mrs. Alice Sage, of the Tavern.

—Mr. and Mrs. Isaac Aldridge are back in Price from a visit of a couple of weeks to their children at Los Angeles, Cal. They had a most pleasant trip.

—G. W. Lindsey, special agent for Utah Fuel company, was here from Castle Gate Tuesday. Mrs. Lindsey left last week for a visit with relatives East.

—James Westfield, one of Runnyside's best citizens, was here this week as a witness in district court. Everyone at that camp that wants to be working full six days a week, says he, and all are contented. The Sun had an appreciated call from him Monday last.

—W. K. Henry, former Carbon county sheriff, was here this week from Zion as a witness in district court. He is now employed as a guard at the Utah state penitentiary.

—Mr. and Mrs. J. B. Pasette and Mrs. Frank Morgan of Runnyside motored over from the coal camp last evening. The ladies came to attend a meeting of the Eastern Star lodge.

—George A. Nixon has recently returned to St. George after a trip through California with Mrs. Nixon. The latter is now in Price. They saw nothing that suited them as well as this city.

—Hyron Miller is here this week on a visit to his brother, J. Iest Miller, and family. He recently got back to Zion after a mission for the church to Chicago and is now in the service of his Uncle Sam as a pharmacist.

—Mr. and Mrs. Alden Averett of Clear Creek visited relatives at Mt. Pleasant Monday and Tuesday. They left Wednesday for Salt Lake City, where Mrs. Averett will be taken to a hospital.—Mt. Pleasant Pyramid, 2d.

—Claude L. King, helper attorney, left last Sunday for Denver, Colo., where he will take medical treatment under a specialist for nervous troubles. His many friends hereabouts hope to see him return soon and fully restored to his former good health.

—David R. Williams, editor of Castle Dale's Progress, was a visitor in Price yesterday. His trip was a very pleasant one with the exception of having to dig up five bones as a fine before a local justice for not having his automobile tagged with a license for this year.

—Mr. and Mrs. Knox Patterson, guests of the Tavern for several days since court began at Price, went from here to Thompsons last Saturday to attend the big dance there given by several business men who are opening a large warehouse there, the hall being in this building. Afterwards Mrs. Patterson went on to her home at Moab and he came back to court at Price.

—William J. Fitzgerald arrived last Saturday in Price on a furlough of fifteen days to visit with his parents, Counselman and Mrs. Thomas Fitzgerald. He is looking fine and expresses himself as well pleased with life as a soldier at San Diego, Cal. All of the price boys are well and doing fine, but of course some of them are more or less homesick.

—Charlie Barton was out in Myton last Saturday. The big man you saw on the street was Frank Alger of Nine Mile. And he is only six feet and about four inches tall in his stocking

Test. Barton is six feet and seven inches and is the tallest man in the United States army. When he first went to Jacksonville he had to wait until a uniform could be made to fit him.—Myton Free Press, 2d.

—County Superintendent Ryan is expected home next Sunday or Monday after attending the meeting in the East of the national educators. He was one of a half dozen men from Utah.

—J. C. Jensen, local sheepman, is back in Price after a trip of two weeks to California. At El Centro, Cal., he saw A. McGlovey and Mrs. J. W. Lofbourrow and daughter, Miss Ruth. The former sent his regards to friends here. He is looking and feeling better than for years. The Lofbourrows are delighted with the climate and their surroundings. Since returning Jensen has told J. W. Lofbourrow

that if he ever expects to see his family again he will have to visit the Golden State. John R. Lofbourrow, a son, is employed at El Centro with a big irrigation company and is doing well. He has taken on much flesh since leaving Price.

### WOULD WELCOME CHANGE

Present Mail Service to Coal Camp Couldn't Well Be Worse.

SUNNYSIDE, March 2.—Folks at this camp, including all business men, will welcome any change in the mails in and out of here. Service could not be any worse than it is and has been for years and it is not stretching the truth to say that no other community anywhere has to put up with the treatment accorded this town. The automobile service proposed from Price would give us much relief—about twenty-four hours earlier service than we now get. While petition asking for the change are being or will be circulated in Price, everyone here asked to sign them will attach his or her name.

Sunnyside's Knights of Pythias lodge announces a big dance for St. Patrick's Day at the Bowery. The funds are for the Red Cross and will be donated for a home hospital in France.

Several of the citizens here are at Price this week on matters before district court. Some are witnesses, while others are involved in litigation.

Mrs. C. H. Pank has gone on an extended visit to Southern California.

Mr. and Mrs. Fred Hoffman have returned to their home in Grand Junction, Colo., after visiting Mrs. William Gogarty in Sunnyside.

Miss Ruth M. Bell is spending two weeks with relatives at Logan.

Rubber stamps, stenilla, seals and the like made to your order. The Sun.
